Sylvia -

As discussed. I suspect you have all attachments except the first, which is the letter I described to you earlier. Let me know if you'd like to join for any/all of the discussions on this. In any instance, I'd love to have you as part of our internal discussions on Monday or Tuesday (our time is still being set, but I'll circle back).

Happy thanksgiving.

Stacey

Dear Ms. Mitchell,

I am sorry that we have been playing telephone tag for several days now. I had wanted to introduce myself other than by voicemail and speak briefly with you about the attached letter before sending it to you. I had also tried several times to contact Karyn Wendelowski and, through my staff, she referred me to you. Upon your receipt of this letter, I hope that you and/or Karyn will give me a call.

Thank you for your attention to this matter. I look forward to hearing from you.
